SCHEDULE OF EVENTS

WEDNESDAY APRIL 8

9AM - Bull & Heifer Viewing

- Doughnuts & coffee available all day

1PM - SALE presented by W Sunrise Angus

- Social with BBQ Beef dinner & refreshments to follow

TERMS & CONDITIONS

EPDS: Printed EPD's are the current CAA EPDs at publication time.

BREEDER GUARANTEE: All bulls have been registered, unless indicated in the catalog, and papers will be transferred to the new owner. All bulls sold are guaranteed to the standard breed association guarantees. In no event shall the seller be responsible for reimbursing more than the purchase price.

SIGHT UNSEEN: We would love to have you with us; however we do understand how busy things can get around the ranch. Our sight unseen program is simple. Call Scott Bohrson or Tanner Walgenbach in advance and we will discuss your needs, cowherd, goals, budget and which bull or bulls will work best for you.

DELIVERY: FREE DELIVERY to central points near your ranch in Alberta, Saskatchewan and British Columbia. All other points will be cost shared. Delivered at the seller's earliest convenience after the sale, unless other arrangements have been made. Cattle can leave that day and please make arrangements to do so. We will take \$200 off the price of the bulls if taken home on sale day. All bulls that are returned to the feedlot will be delivered by April 20 for the convenience of the feedlot.

LOADING OUT: Loading will not be allowed until the conclusion of the sale.

INSURANCE: All bulls returning to the seller must be insured.

LIABILITIES: All persons attend the sale at their own risk. The sellers and/or sales staff assume no liability, legal or otherwise, for accidents that occur in, on, or about the premises.

SEMEN TEST: All bulls will be semen tested before sale day.

TERMS: The terms of the sale are cash or check. All monies are in Canadian funds. The right of property shall not pass until after settlement has been made. All settlements must be made with the clerk before any cattle will be released.

DISPUTES: Every animal sells to the highest bidder and in the case of disputes, the auctioneer's decision will be final. Announcements from the auction block take precedence over the printed matter in the catalog.

CATALOGUE DESIGN: by Bohrson Marketing Services
www.BOHRSON.com

VIEWING: Please feel free to view the Angus bulls of W Sunrise Angus at Glen and Kelly Halls at Stavely prior to April 6th, at which time they will be moved to Fort Macleod Auction.

INDEX

BLACK ANGUS BULLS **LOTS 1-34**

RED ANGUS BULLS **LOTS 35-63**

REPLACEMENT HEIFERS **LOTS 64-68**

W SUNRISE ANGUS :: TANNER, MEGAN, PAIGE & QUINN WALGENBACH
 Box 362 LUNDBRECK, AB T0K 1H0
 403.741.5075 :: BULLS@WSUNRISEANGUS.COM
WWW.WSUNRISEANGUS.COM

It's a great privilege to welcome you all to our fourth annual W Sunrise Angus bull sale. With a little tougher year behind us, it shows us the great importance of the angus cow. Being able to not only handle the ever-changing weather but thriving through some of the toughest conditions we as cattlemen have seen.

Our program has not changed or deviated from four years ago when we purchased this extraordinary cow herd from Brown Creek. We are a maternal driven herd with all emphasis on the momma cow. Maternal strengths, overall soundness and foot structure is something we can not give up on. We are consistently trying to produce cattle for the commercial cattlemen that can go on to any program and be profitable. Our cattle are managed under tough country and rigorous calling to ensure only the right kind move on. We give our cattle every chance to fail and fall out of the herd.

As you go through this year offering these bulls speak for themselves, but we encourage you to come out and look at them dams. New to this year is our Executive Decision sons, our Red Bank Notes, Tycoons and Trendspotters. All bulls that we will be using a lot more of in the future. We feel our walking herd bulls are some of the best in the industry and behind all them herd bulls are great programs and an exceptional mother cow. Like every year our sale bulls are fed at our good friends, Glen and Kelly Halls. They do an extraordinary job caring for them and feeding them correctly to ensure they are built to last. They are fed to meet their potential to emphasis on muscle development but never pushed enough to jeopardize their longevity and fertility.

The bulls will be semen tested and insurance agent will be on hand to protect your purchase. Any bulls staying must be insured. We will offer a \$200.00 discount on any bull taken home sale day. We will be delivering bulls, free of charge shortly after the sale. All bulls are fully vaccinated on the Bovi Shield Gold program and will have two shots of Fusoguard to aid in the prevention of foot rot.

We look forward to seeing everyone on sale day.

Tanner, Megan, Paige & Quinn

**BOHRSON MARKETING
SERVICES LTD.**

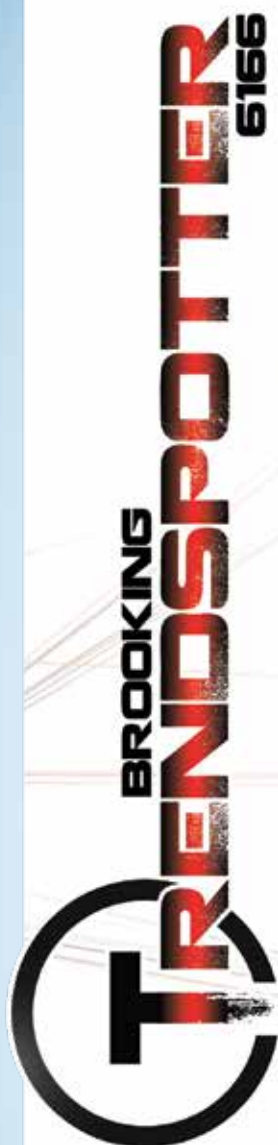

W Sunrise has elevated as one of the very elite cowherds in Canada and a program that is 100% dedicated to raising outstanding bulls for the commercial cattleman. In recent sales, we have seen many purebred programs invest into his program because of their outstanding product and rightfully so but it is the commercial industry that they target this awesome set of bulls for. Their attention to detail on the real-world assets of the livestock industry and aggressively culling any problem cows will allow you to invest with the utmost of confidence in this deep, consistent and truly impressive set of red and black bulls.

Feet, udders and structural integrity are the utmost importance when visiting with the Walgenbach family on selecting upcoming genetics for them. This is one of the best footed sets of bulls you'll find sell this spring and the udder quality of the cowherd that backs them is a no-nonsense approach with only the very top end sticking around with no second chances. They run their cows just like their fellow commercial cattleman with calving ease in mind but still weaning a highly marketable calf come fall. If you invest in W Sunrise genetics, rest assured you can retain females that will improve maternal traits such as fertility and production value as that again is a top priority for this program.

This year's set of bulls have some new and exciting genetics on offer that you can surely appreciate. These breed leading bloodlines are stacked full of maternal greatness and production value in both the red and black section. We have seen Bank Note be a major contributor to the black section in years past and an exciting twist is many Red Angus bulls with Bank Note in their pedigree this year, with one of them being a special breeding bull in our opinion. Large sire groups of Authentic, Trump Card and Tycoon are on offer and they are amongst the very elite Red Angus bloodlines you can find. Executive Decision is one of the hottest black bulls in the business and these are his first sons on offer with Trendspotter & Silver Lining sire group being impressive as per usual.

As we annually brag on the set of bulls, we can't overlook the impressive set of commercial open heifers that annually sell through this sale and they are a prime example of the strength and quality in this program. We do encourage you to be with us in Fort MacLeod on April 8 but if you can't attend, feel free to contact any of the Walgenbach family or the sales staff to represent your needs in a professional manner. Tanner and Megan Walgenbach are some of the very best people we get the honour to work with every spring and you can invest into this family program with confidence you're buying from hard working, integrity driven cattleman that stand behind their product and put their customer satisfaction as their #1 priority!

An impeccable pedigree, flawless phenotype, and proven production surround the great Trendspotter. He has a stacked pedigree with some of the very best Angus females of all time right up close including the great Rose 918 and the World Angus Forum Champions, Soo Line Annie K 6271 and Soo Line Annie K 9165. 9165 herself followed up the WAF championship with a Supreme win at Agribition 2011. With Bank Note semen not available on the open market, here is a son that replicates a number of his qualities and adds the great Annie K influence while doing so. With just an 84 lb BW, he posted an impressive 911 WW and 1,470 YW while providing a balanced EPD profile that tends towards higher growth offspring. He is one of the most impressive mature bulls to view with great feet, tons of power, and a great look. One of Trendspotter's first sons brought \$13,000 to the respected Six Mile Ranch program in the spring of 2019. With all of these positive indications, there is still one added bonus - service to Trendspotter will qualify for the Rose Bowl sale in August 2020!

- Heavy muscled, stout made bull with a soft easy fleshing look
- High performance Trendspotter son with an 800lb weaning weight
- Out of an attractive Hamilton Farms cow with a nice utter and great disposition
- With an industry driven by pounds he is the right type
- Phenotypically eye catching with lots of hair and true herd bull presence

Executive Decision was the high selling bull in the 2018 Poplar Meadows bull sale and is widely regarded as the best son of the exclusive Bar-E-L Natural Law. He is a moderate, structurally sound sire with a ton of muscle shape and eye catching style. The first Executive Decision calves were marketed in the fall of 2019 and they were well received and his breeding consistency is evident. His pedigree is stacked with some of the breed's greatest individuals – Natural Law, Bismarck, two shots of Tiger, and past Agribition Supreme Champion HF Echo 187N. Executive Decision's dam is a popular donor for Poplar Meadows and her embryos recently fetched \$2,200 each at NYR. This is a great individual that is right for the times, has a pedigree heaped with quality, and consistently stamps his progeny with a type – the decision is easy!

Brooking Silver Lining 5012 continues to impress, as a daughter was named Reserve Champion Female at CWA 2018 - as a heifer calf! That impressive female from the Riverfront Angus Ranch program continued her winning ways for Halley Adams and Ter-ron Farms throughout 2019 with accomplishments too extensive to list, which she capped by winning her division at CWA. A Silver Lining son was a favorite at the 2019 Brooking bull sale and sold for \$21,000. Silver Lining himself won the inaugural President's Classic over all breeds at CWA 2015 and then was the \$50,000 high seller at the 2016 Brooking bull sale to W Sunrise Angus. He has the authority to catch your attention with his long, proud front end combined with so much power and mass. He has matured into a powerful individual with true presence, structural integrity, and flawless movement. His dam is an attractive, high phenotype cow that raised Brooking's high selling heifer in 2014 at \$31,500 and a maternal sister to the dam sold for \$40,000 in Brooking's 2015 female sale. Take advantage of this opportunity as Silver Lining is one of the most complete bulls in the Angus business.

Sire

RED ANGUS

RED ANGUS BULLS

RED GRAND SONS..... BANKNOTE 4040

Brooking Bank Note 4040 has been a major influence in our black program for the last four years. We were searching for new genetics to introduce into our red herd and felt that bringing Bank Note into the red breed would help out our red program. He brings a lot to the table, constantly siring beautiful uttered females and strong stout bulls with great feet and soundness. We selected Black Wheel Bank Note 16E from the great family at Wheeler Farms in hopes to make a red son to introduce into the red breed. We could not be happier with the results, fresh exciting new genetics that will be in our red genetics for years to come. With cows in the pedigree like EA Rose 918 and Red Wheel Rose 36S should make this a highly maternal pedigree.

Without a doubt one of the most unique red bulls we have ever raised. Backed by one of the most influential black bulls in the industry, Brooking Bank Note 4040. With a combination of maternal strengths and real world traits making him one of the most complete bulls in the offering. He stands on outstanding feet and moves very well. His moderate made, easy fleshing dam only adds to his package. We feel this calf has a lot of good traits to offer the Red Angus breed. We are retaining in herd use semen on him.

Maternal greatness and sheer power are combined in this leading sire, Red U-2 Authentic 139A. Authentic was a past high selling bull at U2 and has gone on and been a potent breeder with positive production for the progressive operations that own him. Both sons and daughters have been well received and he is a proven sire with over 400 progeny in the CAA database. Phenotypically he is the ideal Red Angus sire and is proud fronted with an attractive head and will add length, power, and overall completeness to his progeny. He is a performance bull that sits in the top 2% for WW EPD and top 10% for YW. A son of the great Copenhagen 3Y, whose daughters were among the top sire group at the U2 dispersal for mature cows. Being out of one of the great donors at U2, Stormy 7202T, and complimented by a stacked maternal pedigree lands Authentic on the short list of must use sires for 2020.

REPUTABLE REPLACEMENT HEIFERS

64

+10 SIMM/RED ANGUS CROSS HEIFERS

Consigned by : Dunlop Ranch
Blaine 403-625-6401 or 403-687-2377

Without a question one of the most trusted names in selling high quality replacement females in Southern Alberta. This group of heifers needs no introduction, they have been coming to town and topping sales for years. We have had the privilege of calving these heifers sisters out at the Hurlburt Ranch with great success, they always seem to rise to the top. The Dunlop family use some of the best herd sires in the industry and have an exceptional cow herd. This group of Red Angus/Simm cross heifers come to town fully vaccinated with pre breeding vaccinations already done and palpated, ready for grass and a bull.

65

+10 HEREFORD/BLACK ANGUS CROSS HEIFERS

Consigned by: Cow Camp Ranch
Dave & Dana 403-627-5708

Here is a rare and unique opportunity to tie into some of the top females from Cow Camp Ranch. This highly feminine and fertile group of females are always in high demand with past customers already phoning to make sure they are coming to town. Cow Camp Ranch has always paid a lot of attention in selecting highly maternal herd bulls and with an extensive culling program on there cow herd, there is a lot of predicability bred into these heifers. This beautiful set of brockle faced heifers come to town with all pre breeding shots, full herd health program, palpated and ready for the breeding season.

66

+10 SIMM/RED ANGUS CROSS HEIFERS

Consigned by : Livingstone Colony
Martin 403-627-9743

Another exceptional set of females from Martin at Livingstone Colony. This is a long time reputation program with repeat buyers year after year. We can personally speak for the consistency and quality of these exceptional females, we have calved them out at the Hurlburt Ranch with great results. Martin goes the extra mile in selecting highly maternal herd sires to produce females like this. These heifers are fully vaccinated, palpated and ready for a new home.

67

+10 SIMM/BLACK ANGUS CROSS HEIFERS

Consigned by : Livingstone Colony
Martin 403-627-9743

True to what you would expect from Martin these black brockle faced heifers emphasize the real world traits Livingstone Colony strive for. This exceptional set of females are the total package, being deep sided, good haired, easy fleshing females with a momma cow look. When we selected this group of females at Martins we were taken away by the consistency and the quality in the entire group. These heifers are fully vaccinated, palpated and ready for a new home.

68

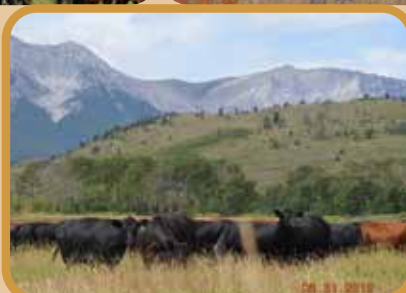

+10 BLACK ANGUS CROSS HEIFERS

Consigned by : McNab Ranch
Bill 403-330-8263

We are excited to get these solid black home raised heifers from the great families at McNab ranching. This set of females have seen extensive culling in there pedigree for real world traits such as fertility, high emphasis on low maintenance, maternal and foot structure. The quality of these females is not easy to achieve nor be able to purchase. They are truly ranch raised cattle that have to go out and be profitable. Only at sales like this can you purchase females of this quality. All females are on full herd health, pre bred vaccinations done, palpated and ready to see a bull.

Renown has taken the Red Angus breed by storm with progeny sales and elevated into a leading sire to incorporate foot quality, structural soundness, natural muscle, and overall dimension in a moderate package. His daughters are standout young females with awesome udders and they have been in high demand whenever offered. At the U2 dispersal there was an impressive group of his daughters on offer that reinforced our already strong belief in this great breeding tool. We had waited a long time to invest in a Red Angus bull and when we came across Renown he hit us hard with that need to own presence and being backed by an outstanding cow family. Ter-ron Farms fortunately partnered with us on him and we acquired him as the \$75,000 high seller. His sire, Reckoning has been held quite exclusive and any semen offered generally commands \$200+ per straw as he is considered a bull that really moved the breed forward. We feel Renown continues this progression when you combine his excellent phenotype, strong cow family backing, and now proven production history. Renown is a force within the breed and adds value to all that utilize him.
