& U2 Ranch

Maternal greatness and sheer power are combined in this leading sire, Red U-2 Authentic 139A. Authentic was a past high selling bull at U2 and has gone on and been a potent breeder with positive production for the progressive operations that own him. Both sons and daughters have been well received and he is a proven sire with over 400 progeny in the CAA database. Phenotypically he is the ideal Red Angus sire and is proud fronted with an attractive head and will add length, power, and overall completeness to his progeny. He is a performance bull that sits in the top 2% for WW EPD and top 10% for YW. A son of the great Copenhagen 3Y, whose daughters were among the top sire group at the U2 dispersal for mature cows. Being out of one of the great donors at U2, Stormy 7202T, and complimented by a stacked maternal pedigree lands Authentic on the short list of must use sires for 2020.
