## SCHEDULE OF EVENTS

### WEDNESDAY APRIL 13

- 9AM - Bull Viewing
  - Doughnuts & coffee available all day
- 1PM - **SALE** presented by W Sunrise Angus
  - Social with BBQ Beef dinner & refreshments to follow

## TERMS & CONDITIONS

**TERMS:** W Sunrise retains the right for in herd semen use on all sale bulls. All sale bulls in the catalog are sire verified.

**EPDS:** Printed EPD's are the current CAA EPDs at publication time.

**BREEDER GUARANTEE:** All bulls have been registered, unless indicated in the catalog, and papers will be transferred to the new owner. All bulls sold are guaranteed to the standard breed association guarantees. In no event shall the seller be responsible for reimbursing more than the purchase price.

**SIGHT UNSEEN:** We would love to have you with us; however we do understand how busy things can get around the ranch. Our sight unseen program is simple. Call Scott Bohrson or Tanner Walgenbach in advance and we will discuss your needs, cowherd, goals, budget and which bull or bulls will work best for you.

**DELIVERY:** FREE DELIVERY to central points near your ranch in Alberta, Saskatchewan and British Columbia. All other points will be cost shared. Delivered at the seller's earliest convenience after the sale, unless other arrangements have been made. Cattle can leave that day and please make arrangements to do so. We will take \$200 off the price of the bulls if taken home on sale day. All bulls that are returned to the feedlot will be delivered by April 20 for the convenience of the feedlot.

**LOADING OUT:** Loading will not be allowed until the conclusion of the sale.

**INSURANCE:** All bulls returning to the seller must be insured.

**LIABILITIES:** All persons attend the sale at their own risk. The sellers and/or sales staff assume no liability, legal or otherwise, for accidents that occur in, on, or about the premises.

**SEMEN TEST:** All bulls will be semen tested before sale day.

**TERMS:** The terms of the sale are cash or check. All monies are in Canadian funds. The right of property shall not pass until after settlement has been made. All settlements must be made with the clerk before any cattle will be released.

**DISPUTES:** Every animal sells to the highest bidder and in the case of disputes, the auctioneer's decision will be final. Announcements from the auction block take precedence over the printed matter in the catalog.

**VIEWING:** Bulls are at home at the ranch, stop by anytime prior to the sale to view bulls and dams. Bulls will be trucked to town on Sunday April 10th where they can be viewed up until sale time.

**HEALTH:** Bulls and the entire ranch are on a full herd health program with Zoetis.

## W SUNRISE ANGUS | TANNER, MEGAN, PAIGE & QUINN WALGENBACH

Box 362 LUNDBRECK, AB T0K 1H0

403.741.5075 | [BULLS@WSUNRISEANGUS.COM](mailto:bulls@wsunriseangus.com)

[WWW.WSUNRISEANGUS.COM](http://www.wsunriseangus.com)

We are excited once again to welcome all of you to W Sunrise Angus 6th annual Bull Sale. In the ever changing world we are in now, it is comforting to find things that remain constant like the great Angus cow. She is as strong and hearty as ever before, she is honest and true, grinding out a living no matter her environment, no matter the direction of the cattle industry she will remain the heart of the factory. At W Sunrise Angus the cow has been and will remain our main focus and goal, without a great cow behind your herd bull you have nothing.

We are a maternal driven herd with a huge emphasis on low maintenance cows with real world traits. Our cattle are managed under tough country and rigorous culling to ensure only the right kind move on. No detail is left out when selecting new herd sires, we feel we use some of the best maternal herd bulls this industry has to offer.

Once again we fed our bulls under the watchful eyes of Bullseye nutrition. The bulls are fed to express muscle and performance and phenotype without being burnt out, longevity has always been our focus while feeding our bulls. If you get a chance stop by the ranch anytime to check out this herd building set of ranch bulls and take an extra minute and go find the dams that back these bulls up. We look forward to seeing everyone at the ranch before the sale or the day of the sale at Fort Macleod Livestock Auction

Sincerely,

*Tanner, Megan, Paige & Quinn*

## BOHRSON MARKETING SERVICES LTD.

W Sunrise Angus has become a highly respected household name in the class of elite Angus breeders in the industry. The Walgenbach family passionately breed Red & Black Angus to provide a product that is profitable for their valued customers. The amount of repeat customers that this program has is amongst the very most in the industry and rightfully so. They put their customers needs as a priority and go the extra mile to ensure they are happy with their bull purchases. Furthermore, the elite set of bulls that sell through this ring are deep in quality which allows customers to source a product that will advance their program, no matter what their budget.

The 2022 Bull Sale offering is very impressive and you'll find large sire groups that can go out and flat out produce. This program has surely never come up short on sourcing and investing in the very best genetics and herd sires in the industry. This has resulted in a set of bulls that are built for the real world and return a ROI for the successful purchasers. Foot quality is a must at W Sunrise along structural integrity and overall completeness in their cattle with a mama cow that is strong udder and highly productive. Check out the set of replacement females that have been on offer in the past as they always brought a premium and rightfully so as they are backed by these strong W Sunrise bulls that are so productive in their design.

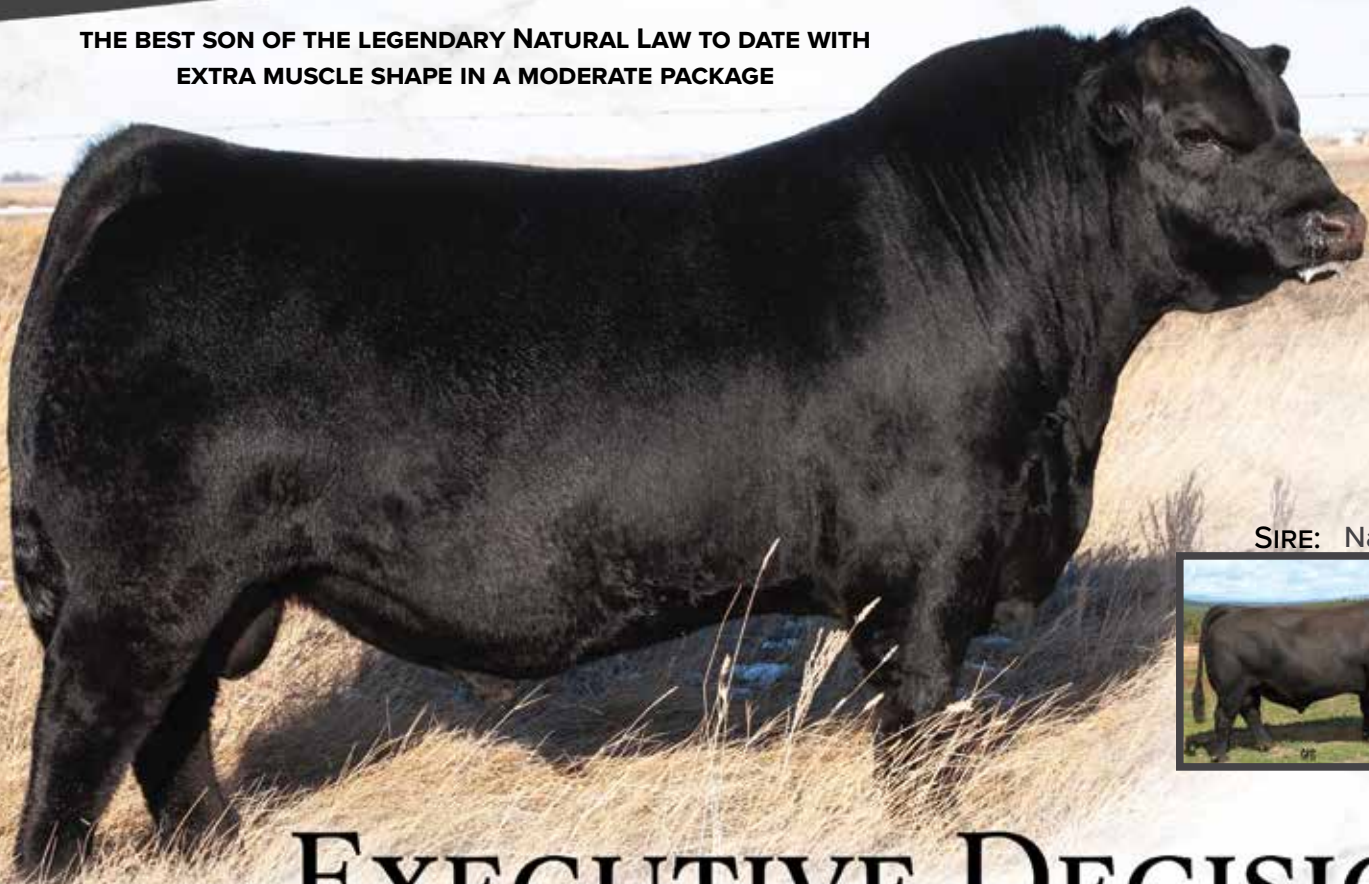

We have the pleasure of working with many outstanding families in the industry and we can rank the Walgenbach amongst the very best of them all. This family operation is passionate about the agriculture industry and they have built a program on integrity and handwork. It is a prime place to source your next herd bull or replacement commercial heifer as the genetics are legit and flat out produce. Please join us on sale day for an awesome set of cattle backed by an outstanding ranch family that has your best interest in mind..

Best regards,

*The Bohrson Marketing Team*

Executive Decision was the high selling bull in the 2018 Poplar Meadows bull sale and is widely regarded as the best son of the exclusive Bar-E-L Natural Law. He is a moderate, structurally sound sire with a ton of muscle shape and eye catching style. The first Executive Decision calves were marketed in the fall of 2019 and they were well received and his breeding consistency is evident. His pedigree is stacked with some of the breed's greatest individuals – Natural Law, Bismarck, two shots of Tiger, and past Agribition Supreme Champion HF Echo 187N. Executive Decision's dam is a popular donor for Poplar Meadows and her embryos recently fetched \$2,200 each at NYR. This is a great individual that is right for the times, has a pedigree heaped with quality, and consistently stamps his progeny with a type – the decision is easy!

4J has been an absolute standout from day one. He had a herd bull look very early on and is one of the most impressive herd bulls we have ever produced. He exhibits a rare combination of attractiveness and power, while maintaining a soft easy doing look. Hairy, stout and sound made with a beautiful dam behind him. His dam was one of the first females we ever purchased and came from the elite online female sale at Brooking Angus. She went on to be intermediate calf champion that year and more importantly a productive ranch cow in the mountains. Not to mention this guys sire PM Executive Decision only adds to the predictability and function of this young herd bull. Executive Decisions progeny are held in high regards here, he has some of the best milking females and his bull calves always rise to the top.

We can not say enough good about Executive Decision sons. They are stout, hairy and extremely easy keeping. The Executive Decision daughters do not disappoint either, they are big middled, sound footed and have gorgeous udders. They will be the main stay in the herd for a long time. 78J is a true testament to this sire group. He is a phenotypical stand out and is extremely sound.

Stamped true to this sire group, 47J is long, thick and stylish with an unmistakable herd bull presence. Super sleek in his front third and moves threw the pen with ease. Backed by a beautiful uddered Trendspotter Dam.

Mat. Grandsire

Great Grandam

This is one of the fanciest, calving ease herd bulls in the entire offering. Bravo sons have been excelling all over the country, they are super sound cattle with a balanced set of epd's. The best part of Bravo might be his beautiful uddered daughters. Here is a Bravo, Trendspotter cross backed by the highly popular Echo cow family. The females off of this young herd bull should be exceptional.

This Electric Avenue calf has been one of my favourites all summer. He side profiles very well and has a soft, easy doing look to him. He stands on exceptional feet and is backed by the highly productive Annie K cow. His dam the 5106 is a maternal sister to Trendspotter and is the daughter of the highly attractive Soo Line Annie K 9165. Not to mention 139J is the maternal brother to last years high selling black bull that went to Lucky 7 and is also the maternal brother to highly attractive female that went to KCH. The power and consistency in this herd bulls pedigree is hard to fault, its no accident he looks the way he does. Retaining in herd semen interest.

181J is one of my favourite heifer bulls in the entire offering. We selected his dam from our good friends, south of the border at Reisig Cattle Co. This Elba cow family is as maternal and predictable as you can find. 181J's maternal brother was Reisig's high selling bull going on to ZWT and Bufords Ranch and then finding his way in the semen book at pure beef. His dam and grand dam have absolute beautiful udders. This young outcross, calving ease herd sire will not disappoint, he's as clean made and sharp fronted as any angus bull we have ever raised.

SSS Tycoon 225E has surpassed all expectations. His progeny has made a tremendous splash in the Red Angus industry with sale features in every herd he has been used in. He brings a fresh new pedigree with an exceptional EPD profile. This elite calving ease herd sire is a phenotypical

standout, is extremely sharp fronted and stands on great feet. Tycoon is extremely sound in his makeup and is a great travelling, aggressive bull. The first females are now in production with nice udders and have great performance in there offspring. Tycoon excels in stamping all his calves with his unique character and look, the entire sire group starts off small and by weaning and sale time have usually out performed all other sire groups. They carry his proud front end and are athletic and eye appealing in the bull pen. Very limited semen has ever been released to the public, the last semen was released recently at Red Round-Up where it commanded over \$500 a straw.

Tons of power and performance with loads of natural muscle shape and mass stacked in this sale feature Tycoon son. A sound easy doing herd bull with exceptional feet. A bull that is admired by everyone that has been in the bull pen. His dam is a moderate made, easy doing cow with a beautiful udder.

We partnered up with our good friends at Y Coulee to purchase El Chapo. We felt he was one of the soundest made, best footed herd bulls we had seen. He is backed by a flawless pedigree top and bottom. His sire Red U2 Renown 193C also exhibits exceptional feet and the same soundness that we loved in El Chapo. They are truly two bulls helping the feet in the red industry.

Here is a pretty special calf with a different twist in his pedigree. His dam is an extremely sound, gorgeous uddered Bank Note daughter, one of my personal favourites in the pen this year. Dark red, full of character and stands on a good black foot. He has a commanding presence as he moves through the pen. We feel this bull is highly maternal driven and his daughters will be exceptional.

Here is a strong topped, structurally sound, highly maternal herd bull with a flawless pedigree. His dam has done an amazing job for us, raising a herd bull to Moose Creek Red Angus, sale feature bred heifer going to Big Iron ranch this fall in the Ladies of the West, plus one of the high selling heifer calves at BCR ventures in Texas. Not to mention his sire El Chapo used for his beautiful dam and his exceptional foot. The first El Chapo heifers are calving this year and exhibit beautiful udders.

Renown has taken the Red Angus breed by storm with progeny sales and elevated into a leading sire to incorporate foot quality, structural soundness, natural muscle, and overall dimension in a moderate package. His daughters are standout young females with awesome udders and they have been in high demand whenever offered. At the U2 dispersal there was an impressive group of his daughters on offer that reinforced our already strong belief in this great breeding tool. We had waited a long time to invest in a Red Angus bull and when we came across Renown he hit us hard with that need to own presence and being backed by an outstanding cow family. Ter-ron Farms fortunately partnered with us on him and we acquired him as the \$75,000 high seller. His sire, Reckoning has been held quite exclusive and any semen offered generally commands \$200+ per straw as he is considered a bull that really moved the breed forward. We feel Renown continues this progression when you combine his excellent phenotype, strong cow family backing, and now proven production history. Renown is a force within the breed and adds value to all that utilize him.

Also stemming from a productive cow family, this herd bull has a sleek maternal look to him. Performance, maternal and calving ease all in one tidy package.

# “PURPLE BULLS”

Here is a bull that everyone has to admire for his muscle and mass and yet still free moving and complete. Not to mention his great set of feet, don't know if we have ever raised a bull with as much heal on his back foot as much as this calf. Its no accident that he comes by all these real world traits being the maternal brother to the red Bank Note son Brewin, Lonestone and Cinder purchased as the high seller two years ago.

True to the Executive sire group this son is moderate made, easy doing herd bull with an abundance of muscle and natural thickness. Natural fleshing ability on the Executive Decision bull calves is exceptional. This unique herd bull is backed by a beautiful Authentic cow.

Like his pedigree suggests this unique herd bull is stout made with added volume, capacity and dimension. Extremely maternal with a 14 year old Get-A-Long dam who is still here in production.

Phenotypically he is a ideal herd bull. Proud fronted with an attractive head and added length makes this calf one of the fanciest bulls in the entire pen.

This is one of our favourite bulls in the entire pen. This sale feature herd bull has exceptional feet and is backed by an absolute gorgeous dam. Her feet and udder are awesome. 15J's maternal sister is our favourite milking two year old this year. The maternal qualities this bull has to offer is unmatched.
